On Friday, December 4, 2020 Vault CDMS will be updated to version 20R3.

We are excited about the new features we have added in 20R3, and have recorded two webinars for you to

- 1) 20R3 Customer Webinar for Sites, CRAs, and Data Managers
- 2) 20R3 Customer Webinar for Study Designers, Admins, and Coders

You have been identified as a previous or current user of Vault CDMS Studio so, although optional, we strongly recommend you take the courses. The webinars can be accessed by logging in to your Veeva Learning account at [learning.veeva.com](https://learning.veeva.com) where you will see your enrollment on the dashboard.

Note: if you attended either webinar when delivered live in November, your completion certificate will be available in your [transcript](#) on December 7th.

Your username for Veeva Learning is [redacted] and your password can be reset from the login page if you have forgotten it.

Thank you,

Vault CDMS Training Team
